DECLARATION

Commissioner for Patents
P.O. Box 1450

Dear Sir:

I, Peter Lalos, am over the age of 21 years and make this Declaration based on personal knowledge;

1. I am aware of a Decision on Petition dated March 9, 2011, dismissing the Petition and requesting 1. A Statement from the Practitioner That the Office Action was not received by the Practitioner; 2. A statement from the practitioner that a search of the file jacket indicates the Office Action was not received; and, 3. Information on the docket records (a statement from the Practitioner attesting to a search of the docket records and a copy of the docket record where the non-received Office Action would have been entered) of the firm Stevens Davis Miller & Mosher, LLP, where I was employed at the time of mailing this Office Action in Question.

2. At the time of the alleged mailing of the non-received Office Action on December 28, 2007, I was a non-equity partner at the firm Stevens Davis Miller and Mosher, LLP ("Stevens Davis").

3. The normal procedure for handling all incoming USPTO mail was to send it directly to the docket clerk for docketing.

4. On or about January 31, 2008, Stevens Davis ceased doing business except for windup of its business.

5. On or about February 1, 2008, I, among others, transferred our practice to Novak Druce.

7. All of the docketed cases belonging to any attorney transferring their practice from Stevens Davis to Novak Druce were transferred on or about February 1, 2008, and no further records exist at Stevens Davis.

8. I attach a copy as Exhibit 1 of one sheet of the docket record created at the time of transfer showing that application U.S. Serial No. 10/645,601 bearing the Stevens Davis docket number PNL 21352 was assigned the Novak Druce docketing number 8373.002.US0000.

9. I attach a copy of the Novak Druce docket record as exhibit 2 showing the history of this U.S. Application including both at the time it was pending at the firm of Stevens Davis as well as the current record of pendency of Novak Druce.

10. The docket record of paragraph 9 does not show any entry of the Office Action of December 28, 2007.

11. I have checked the paper copy of the above-referenced file, which was transferred to Novak Druce on or about February 1, 2008, and there is no Office Action dated December 28, 2007, in the file.

12. The absence of any record showing the Office Action of December 28, 2007, from the docket records of Novak Druce, or in the file, leaves me with the unassailable opinion that the Office Action was never received by Stevens Davis.

11. Further Declarant Sayeth Not.

I hereby declare that all statements made herein of our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine and imprisonment, or both, under 18 U.S.C. § 1001, and that such willful false statements may jeopardize the validity of the application nor any patent issuing thereon.
